

17th March 2017

Note from Mrs Coulthard

Dear Parents/ Guardians,

This week we have enjoyed celebrating 'Science Week' in both our schools with lot of super science activities going on in all classes. I have enjoyed seeing pupils learning lots about science and all the great photos on our Facebook pages.

Next week our Y6 pupils from each school will be travelling to the Lake District to spend two nights on our first 'Booster Residential' to help prepare them for their forthcoming SATs in a practical and memorable way. I am looking forward to hearing all about their adventures and seeing the work they will produce whilst there.

Have a lovely weekend

Mrs Coulthard

Miss Young - What's been happening this week....?

This week has been Science week across both School and Little Dragons Pre-school. The children have been undertaking a number of experiments using hypotheses, predictions, method and conclusions to write up their findings.

As part of this week some of the children have visited Westleigh High School to make some bread and undertaking investigations at Atherton Community School. The children have really enjoyed these visits and have brought back their learning to use in class.

May I take this opportunity to congratulate the Futsal team who took part in the ATSA competition at Fred Longworth High School - as ever, they played well as a team and behaved impeccably.

A large number of pupils have received handwriting awards this week. The children are really working hard to improve their presentation and it's had a huge impact on their workbooks.

Thank you to all parents who have clearly been supporting their children with multiplication facts at home as they are all thriving and aiming high for their multiplication bands.

Mother's Day celebrations and Comic Relief on Friday, 24th March, please see details below.

Have a lovely weekend!

Miss Young
